Theme: Advancing Excellence in Modern Spine Surgery

Date: 20th to 22nd August 2026 | Venue: JL Auditorium, AIIMS, New Delhi

Trade & Industry Brochure

Partner with Excellence in Modern Spine Surgery

Showcase your innovations. Engage with leaders. Shape the future of spine care.

Join us as an **Industry Partner** at **AASW-2026**, India's premier hands-on spine workshop hosted by **AIIMS, New Delhi**, and gain direct access to key decision-makers, opinion leaders, and practicing spine surgeons.

Dates: 20–22 August 2026 | **Venue:** Conference Hall, AIIMS, New Delhi
Organised by: Department of Neurosurgery, AIIMS, New Delhi

About AASW 2026

The **AIIMS Annual Spine Workshop (AASW-2026)** is a premier academic and surgical training event organised by the **Department of Neurosurgery, AIIMS, New Delhi**. The workshop is designed to deliver a **360-degree learning experience**, combining didactic lectures, cadaveric hands-on training, skill stations, and operative demonstrations.

The 2026 edition will have a **strong focus on Unilateral Biportal Endoscopic (UBE) Spine Surgery and Scoliosis / Spinal Deformity Surgery**, aligned with the theme:

Advancing Excellence in Modern Spine Surgery

Why Partner with AASW-2026?

AASW-2026 provides an exclusive platform for industry partners to engage with: - Senior spine surgeons and neurosurgeons - Academic leaders and key opinion makers - Faculty and trainees from premier institutes

Key Benefits for Industry - Direct interaction with **200+ focused delegates** - High visibility through a **dedicated biomedical exhibition area** adjoining the main conference halls - Brand association with **AIIMS**, India's premier medical institute - Opportunity to showcase **innovative implants, instruments, navigation, endoscopy, and spine technologies**
